April 19, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for Waverly Community Schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Kelly Blake, Director of Teaching and Learning, or your building Principal, for help if you need assistance.

The Waverly Community School's AER is available for you to review electronically by visiting the following web site <https://goo.gl/DsVOxP> or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Student Test of Educational Progress (M-STEP), high school assessment results on the M-STEP component of the Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access).

- Presents achievement data for all four tested subjects (English language arts, mathematics, science, and social studies) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and state achievement

Accountability Scorecard – Detail Data and Status

Due to the transition from MEAP tests to the M-STEP test, the accountability portion of the AER is limited to assessment participation and graduation/attendance rates. Full accountability reporting will resume with the 2015-16 AER.

COMMUNITY SCHOOLS

Pride. Tradition. Excellence.

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Waverly Community Schools strive to provide safe learning environments, where our students can achieve to their full potential. Our educators use student data to make instructional plans and provide academic interventions when needed. We are proud to say that since 2012, standardized test scores of our students have risen 25%, more than any other mid-Michigan school district.

Sincerely,

Terry Urquhart
Superintendent
Waverly Community Schools
