

February 15, 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2019-20 educational progress for Waverly High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Christopher Huff, Principal ([chuff@waverlyk12.net](mailto:chuff@waverlyk12.net), 517-323-3831) for assistance.

The AER is available for you to review electronically by visiting the following web site <https://bit.ly/34m4LMv>, or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a Targeted Support and Improvement (TSI) school.

Initiatives that provide additional academic support for students are offered during the PRIDE Period. This is a class period in which all students have access to all teachers for additional support and have an adult monitoring their progress toward their educational goals. In addition, opportunities to participate in clubs and special presentations are offered during this time. Most of our students with IEPs benefit from co-taught classes, where general and special education teachers team up to instruct.

State law requires that we also report additional information. All students of High School age within Waverly Community Schools are placed at either Waverly High School or in our Alternative Education Program. Students attending the alternative program are placed there due to credit deficiencies or other special circumstances on a referral basis. Waverly High School's School Improvement Plan is

updated annually and seeks to increase student achievement in the core content areas. Enhanced instructional strategies, methods to produce a climate of achievement, and the implementation of technology are the cornerstones for achieving those goals. The WHS Program of Studies, which outlines the curriculum and course offerings, is available on the school's website, [www.waverlycommunityschools.net/ourschools/waverly-high-school/](http://www.waverlycommunityschools.net/ourschools/waverly-high-school/). WHS requires students to meet all of the Michigan Merit Curriculum requirements and to exceed those expectations by earning 5 additional credits.

The mean score on the SAT for WHS students was 899 this past year.

Approximately 48% of WHS parents attended Parent-Teacher Conferences in 2019-20.

WHS offers 9 Advanced Placement courses in which students can gain college credit: Psychology, US History, Calculus, Biology, Chemistry, English, Statistics, Spanish and Computer Science. 166, or 16%, of WHS students took advantage of these advanced programs. Less than 1% of WHS students participate in dual enrollment.

Go Math is the core mathematics curriculum at Waverly High School. Math teachers provide instruction using Go Math materials each day to teach skills like computation, problem solving, and algebraic and arithmetic thinking. Teachers monitor student progress through the use of in-class practice (both online and in writing), quizzes and tests, and projects. Michigan's state standards in math are covered in the Go Math curriculum.

For information about any of the curricula at Waverly High School, please contact Lara Slee, Director of Teaching and Learning ([lslee@waverlyk12.net](mailto:lslee@waverlyk12.net), 517-321-7265 ext. 3030).

Students in Waverly Community Schools in grades 2 through 10 take the NWEA MAP Growth assessments, which measure what students know and inform what they are ready to learn next. The tests reveal how much growth has occurred between testing events and, when combined with national norms, show projected proficiency. Educators can track growth through the school year and over multiple years.

## **NWEA Results for 2018-19**

### **9th Grade**

Math: 30.4% of students are at or above the national norm  
Reading: 41.1% of students are at or above the national norm  
Language Usage: 43.3% of students are at or above the national norm

### **10th Grade**

Math: 44.5% of students are at or above the national norm  
Reading: 48.9% of students are at or above the national norm  
Language Usage: 54.6% of students are at or above the national norm

**NWEA Results for 2019-20**

(Note: Due to the COVID-19 pandemic, the results reflect student growth Fall 2019 through Winter 2020, as the spring assessments were not administered.)

**9th Grade**

Math: 39.1% of students are at or above the national norm

Reading: 50.6% of students are at or above the national norm

Language Usage: 50.2% of students are at or above the national norm

**10th Grade**

Math: 31.5% of students are at or above the national norm

Reading: 35.1% of students are at or above the national norm

Language Usage: 40.3% of students are at or above the national norm

Waverly High School is proud to be among the most diverse schools in the state of Michigan. As such, WHS students have opportunities to engage in deep cultural experiences that are unique to our school. These experiences complement the education in the classroom and prepares students for success in the modern global society. Whether students will enroll in a college or university or seek employment after high school, WHS is a leader in preparing students for all aspects of the post-secondary society they will be expected to contribute in.

Sincerely,

Christopher Huff  
Principal  
Waverly High School
